

Mt Outfitters is the home base for Muskie Train Enterprises.

We carry hard to find baits, fishing hardware, Lax fish replicas and Carhartt clothing.

We offer special promotional services for your club or business through ProStar Specialties. You will find all of the Muskie Train Line of lures, Tuff Shads, Spanky Bucktails, Sledges, Willey's Bucktails, SS Shads, Lokes, Ziggy's, Smutley Dogs, Crane Baits and a few other brands.

We are the official Ohio site for Lax fish replicas. We have samples of a muskie, large and small mouth bass, walleye and a steel head trout in our store. We can get that trophy fish for you while let that big one swim away for another day.

Our Carhartt line of clothing will keep you warm and dry on those bad weather days. We offer a full line of Carhartt products.

The ProStar Specialties division of our business can provide you with any specialized item that you may need to make an event special. This includes hats and shirts with that special logo promoting a product or event.

Mt Outfitters is dedicated to providing the best quality products to make your adventure a success. Unlike any other catalog company you will deal with, we use all of the products that we carry in the field. We will not carry any product that cannot stand up to our standards. Stop by and pay us a visit. We will be glad to talk fishing with you.
